# NeuraMetrics
MINDS OVER MATTERS

A "Happy Meal" for CEO's
...The NeuraMetrics Polling Tool

Would you like to have a conversation with your clients without taking more than 3 to 5 minutes of their time?

Would you like to collaborate with your network and not take more than 3 to 5 minutes of your time?

Would you like to be able to analyze your organization's effectiveness in a confidential interaction that identifies specific areas for improvement?

Here's how it works:

You decide on four or five topics that you would like to present each month. These may be the same topics each month or they may vary. Topics should reflect your business concerns. For instance, if you were a restaurant your topics might be Service, Cleanliness, Menu, Promotions, and Appearance. Then each month you send us no more than ten questions that you would like to ask that month's target audience or we can help you design the questions. Each topic should have at least one question and not more than two. The questions may be the same or different each month (your choice). Maximum number of respondents = 5000.

This application provides accurate, easy to read, real-time data to enable a deep understanding of the business issues you present to your target audience. Use of this tool drives and prioritizes rapid corrective action that improves both business and financial performance.

You have the option to conduct your poll from your **website, Facebook, Twitter or through an e-mail campaign**. In any case, we will help you with the design and provide you with the link to direct your respondents to the poll.

Analysis help is available from NeuraMetrics if desired.

Maintenance Fees – The annual maintenance fee of $1200 is waived for this promotion.

One year Contract Automatically Renewable	
The Strategic Polling Initiative Pricing	
Initial Product Development: Includes your branding with your logo. (Optional) **One Time set up Fee**	Set up fee waived with two year contract! $300
